Dear Mr. Wynn:

This letter is in response to your open records request dated September 10, 2026, requesting certain information pursuant to the Georgia Open Records Act. As stated in our initial response, we are providing you with an estimated cost of production per requested item.

In response to your Open Records Request, the District will make available the items related to your request as contemplated by law. The responsive documents may be subject to redaction and outright exclusion based on applicable legal authority, including O.C.G.A. § 50-18-71 (b)(1)(A); O.C.G.A.§ 50-18-71(j); O.C.G.A. § 50-18-72 (1), (10), (20), (21), (34), (37), (41), (42), and (43).

The subject of your request is as follows:

To narrow the request and limit cost, please process the following records first regarding the August 31, 2026 incident at Southwest High School.

This request is limited to records created or sent from August 31, 2026, through September 3, 2026. Please provide:

1. *Any ParentSquare message, email, robocall script, text message or other communication sent to parents, guardians or staff about the incident.*
   Response: Please see the attached document labeled "Isolated Incident Notification".

2. *Any written administrative summary, memo, timeline or briefing document prepared for the principal, district leadership, campus police, school safety personnel or communications staff regarding what happened and how the school or district responded.*
   Response: This request coincides with number 1. There are no additional documents responsive to your request.

3. *Any emails or written communications between Southwest High School administrators and Bibb County School District leadership regarding:*

- *what happened;*
- *whether the incident was isolated;*
- *whether lunch service or the school schedule was disrupted;*
- *how parents should be notified;*
- *how the district should respond to media questions.*

Response: The district conducted a preliminary email search using the criteria provided and found no responsive records. To help us identify the records you are seeking and estimate any retrieval or redaction costs, please provide relevant keywords, email addresses, or a narrower date range. Furthermore, please note that the Georgia Open Records Act applies to existing records and does not require the district to answer interrogatory questions.

4. *Any emails, memos or prepared statements related to 41NBC's request for information or interview about the incident.*
   Response: This request coincides with number three. The district conducted a preliminary email search using the criteria provided and found no responsive records. To help us identify the records you are seeking and estimate any retrieval or redaction costs, please provide relevant keywords, email addresses, or a narrower date range.

5. *Any non-student-identifying record showing whether EMS, outside law enforcement, campus police or school safety personnel responded.*
   Response: Please see the attached document labeled "Isolated Incident Notification".

   This request is not seeking student names, student disciplinary records, personally identifiable student education records or protected juvenile information. Please redact exempt information and provide any reasonably segregable non-exempt portions of responsive records.

The Bibb County School District ("District") will make available any responsive, non-exempt documents related to your request as contemplated by law. As we previously advised, O.C.G.A. . § 15-11-708(b) expressly exempts law enforcement records concerning minors from public inspection pursuant to the Georgia Open Records Act. Therefore, the District will not produce any such records. In addition, the responsive documents may be subject to redaction and outright exclusion based on applicable legal authority, including O.C.G.A. § 50-18-71 (b)(1)(A); O.C.G.A.§ 50-18-71(j); O.C.G.A. § 50-18-72 (1), (20), (21), (41), (42), and (43).

At this time, there is not a cost associated with your Open Records Request. If you choose to refine your search criteria, the district will reevaluate your request and provide a good-faith estimate of any applicable costs.
